Dear Member,

We are happy to inform that CeraGlass India 2010 – a unique international trade fair on Ceramics, Glass and Allied Products is being held in India during 11<sup>th</sup> – 14<sup>th</sup> November 2010 at EPIP, Sitapura, Jaipur. This is the first ever comprehensive Ceramics and Glass show being held in India.

The event promises to showcase the best and latest technologies involved in the ceramic, glass and allied industries and would be a significant platform for building business partnerships. CAPEXIL is actively involved in this venture. We are aware that the Indian Ceramic and Glass industry are fast growing and rank 8<sup>th</sup> in the World and produce around 2.5% of global output. Therefore, we as a global trade facilitator will be organizing a Reverse Buyer Seller Meet coinciding with CeraGlass to actively promote the business of the Indian ceramics and glass sector. The format of the Reverse Buyer Seller Meet will be one-to-one buyer contact programme and will be held in Jaipur and Ahmedabad. The CeraGlass Trade Fair is being promoted by Rajasthan State Industrial & Investment Corporation Ltd., Confederation of Indian Industry and Indian Ceramic Society.

We are pleased to enclose the e-brochure to give you a fairly elaborate idea of the event. Please be in touch with us for further assistance. You may also be in touch with Mr. L K Maheshwari, Chief General Manager, RIICO, for further details.

We look forward to your active participation and support.

Best regards.
